Re: In the Matter of Certain Purchases, Sales, and Disclosures of Twitter
Shares (SF-4519)

The staff of the San Francisco Regional Office of the United States Securities and Exchange Commission is conducting an investigation in the matter identified above. The enclosed subpoena has been issued to you as part of this investigation. The subpoena requires you to provide us documents.

Please read the subpoena and this letter carefully. This letter answers some questions you may have about the subpoena. You should also read the enclosed SEC Form 1662. If you do not comply with this subpoena, the SEC may bring an action in federal court to enforce this subpoena. Failure to comply with a court order enforcing this subpoena may result in the court imposing a fine, imprisonment, or both.

Producing Documents

What materials do I have to produce?

The subpoena requires you to provide us the documents described in the attachment to the subpoena. You must provide these documents by **October 14, 2022**. The attachment to the subpoena defines some terms (such as "document") before listing what you must provide.

You should produce each and every document in its possession, custody, or control, including any documents that are not in its immediate possession but that it has the ability to obtain. All responsive documents shall be produced as they are kept in the usual course of business, and shall be organized and labeled to correspond with the numbered paragraphs in the subpoena attachment. In that regard, documents should be produced in a unitized manner, i.e., delineated with staples or paper clips to identify the document boundaries.

September 29, 2022

Documents responsive to this subpoena may be in electronic or paper form. Electronic documents such as email should be produced in accordance with the attached document entitled SEC Data Delivery Standards (the “Standards”). If you have any questions concerning the production of documents in an electronic format, please contact me as soon as possible but in any event before producing documents. **All electronic documents responsive to the document subpoena, including all metadata, must also be secured and retained in their native software format and stored in a safe place.** The staff may later request or require that you produce the native format.

For documents in paper format, you may send the originals, or, if you prefer, you may send copies of the originals. The Commission cannot reimburse you for the copying costs. If you are sending copies, the staff requests that you scan (rather than photocopy) hard copy documents and produce them in an electronic format consistent with the Standards. Alternatively, you may send us photocopies of the documents in paper format. **If you choose to send copies, you must secure and retain the originals and store them in a safe place.** The staff may later request or require that you produce the originals.

Whether you scan or photocopy documents, the copies must be identical to the originals, including even faint marks or print. Also, please note that if copies of a document differ in any way, they are considered separate documents and you must send each one. For example, if you have two copies of the same letter, but only one of them has handwritten notes on it, you must send both the clean copy and the one with notes.

If you do send us scanned or photocopied documents, please put an identifying notation on each page of each document to indicate that you produced it, and number the pages of all the documents submitted. (For example, if Jane Doe sends documents to the staff, she may number the pages JD-1, JD-2, JD-3, etc., in a blank corner of the documents.) Please make sure the notation and number do not conceal any writing or marking on the document. If you send us originals, please do not add any identifying notations.

In producing a photocopy of an original document that contains post-it(s), notation flag(s), or other removable markings or attachments which may conceal all or a portion of the markings contained in the original document, photocopies of the original document both with and without the relevant post-it(s), notation flag(s), or removable markings or attachments should be produced.

Do I need to send anything else?

You should enclose a list briefly describing each item you send. The list should state to which numbered paragraph(s) in the subpoena attachment each item responds. A copy of the subpoena should be included with the documents that are produced.

Passwords for documents, files, compressed archives, and encrypted media should be provided separately either via email addressed to ENF-CPU@sec.gov, or in a separate cover letter mailed separately from the data. **Password correspondence should reference case number, case name and requesting SEC staff member.**

September 29, 2022

Please include a cover letter stating whether you believe you have met your obligations under the subpoena by searching carefully and thoroughly for everything called for by the subpoena, and sending it all to us. **Correspondence should reference case number, case name and requesting SEC staff member.**

Please also provide a narrative description describing what you did to identify and collect documents responsive to the subpoena. At a minimum, the narrative should describe:

- who searched for documents;
- who reviewed documents found to determine whether they were responsive;
- what sources were searched (e.g., computer files, CDs, DVDs, thumb drives, flash drives, online storage media, hard copy files, diaries, datebooks, planners, filing cabinets, home office, work office, voice mails, home email, webmail, work email, backup tapes or other media);
- what third parties, if any, were contacted to obtain responsive documents (e.g., phone companies for phone records, brokerage firms for brokerage records); and
- where the original electronic and hardcopy documents are maintained and by whom.

What if I do not send everything described in the attachment to the subpoena?

The subpoena requires you to send all the materials described in it. If, for any reason – including a claim of attorney-client privilege – you do not produce something called for by the subpoena, you should submit a list of what you are not producing. The list should describe each item separately, noting:

- its author(s);
- its date;
- its subject matter;
- the name of the person who has the item now, or the last person known to have it;
- the names of everyone who ever had the item or a copy of it, and the names of everyone who was told the item's contents;
- the reason you did not produce the item; and
- the specific request in the subpoena to which the document relates.

If you withhold anything on the basis of a claim of attorney-client privilege or attorney work product protection, you should identify the attorney and client involved. If you withhold anything on the basis of the work product doctrine, you should also identify the litigation in anticipation of which the document was prepared.

If documents responsive to this subpoena no longer exist because they have been lost, discarded, or otherwise destroyed, you should identify such documents and give the date on which they were lost, discarded or destroyed.

Please send the materials to:

For smaller electronic productions under 10MB in size, the materials may be emailed to the following email address: ENF-CPU@sec.gov.

Preservation Notice

Separately, we believe you may possess additional documents and data that are relevant to this investigation. Accordingly, we hereby provide notice that the documents and communications identified in Section D of the enclosed subpoena (“Evidence”) should be preserved and retained on an ongoing basis and until further notice.

You have a duty to reasonably preserve and retain such Evidence. This duty includes an obligation to provide notice to all employees or custodians who may be in possession of Evidence. This duty also extends to the preservation and retention of Evidence in the possession or custody of third parties, such as an internet service provider or a cloud computing provider, if such Evidence is within your control.

You may need to act affirmatively to prevent the destruction of Evidence. This duty may necessitate quarantining certain Evidence to avoid its destruction or alteration. You should consider whether it is necessary to discontinue the routine destruction of Evidence, including discontinuing the recycling of backup tapes or other storage media, and the deletion of emails, “trash,” “recycling,” “drafts,” “sent,” or “archived” folders. You should avoid running or installing any drive cleaning, wiping, encrypting, or defragmenting software on hard disks of computers that may contain Evidence.

All employees or custodians who may be in possession of Evidence should also disable and avoid activating any self-destructing features on messaging applications or programs that may contain Evidence, including but not limited to Signal, WhatsApp, and/or any other similar applications. Failure to disable and/or activation of such features could result in the destruction of Evidence.

Other Important Information

May I have a lawyer help me respond to the subpoena?

Yes. You have the right to consult with and be represented by your own lawyer in this matter. We cannot give you legal advice.

What will the Commission do with the materials I send?

The enclosed SEC Form 1662 explains how we may use the information you provide to the Commission. This form also has other important information for you. Please read it carefully.

Has the Commission determined that anyone has done anything wrong?

This investigation is a non-public, fact-finding inquiry. We are trying to determine whether there have been any violations of the federal securities laws. The investigation and the subpoena do not mean that we have concluded that you or anyone else has violated the law. Also, the investigation does not mean that we have a negative opinion of any person, entity or security.

Important Policy Concerning Settlements

Please note that, in any matter in which enforcement action is ultimately deemed to be warranted, the Division of Enforcement will not recommend any settlement to the Commission unless the party wishing to settle certifies, under penalty of perjury, that all documents responsive to Commission subpoenas and formal and informal document requests in this matter have been produced.

I have read this letter, the subpoena, and the SEC Form 1662, but I still have questions. What should I do?

If you have any other questions, you may call me at 415-705-2486.

Sincerely,

A handwritten signature in black ink, appearing to read "Rob Andrews", with a stylized flourish at the end.
